- * On the due date at 7am - you receive an email reminder
- * Collect the payment - tap Mark Paid - enter amount - pick method
- * Next due date advances automatically to the following month
- * Card updates: "Payment 2 of 5, 3 of 5..." etc.
- * Final payment made - balance hits zero - auto moves to Completed!

Example - \$500 Job Over 5 Months

Setup	\$500 total - \$100/month - 5 months - starting 8/1/2026
Aug 1	7am email fires - collect \$100 - tap Mark Paid - auto advances to Sep 1
Sep 1	7am email fires - collect \$100 - tap Mark Paid - auto advances to Oct 1
Oct 1	7am email fires - collect \$100 - tap Mark Paid - auto advances to Nov 1
Nov 1	7am email fires - collect \$100 - tap Mark Paid - auto advances to Dec 1
Dec 1	7am email fires - collect \$100 - balance hits \$0 - auto Completed!

Payment Plan Status Flow

- * Set up plan - stays in Jobs Active tab with purple badge
- * Each monthly payment - still in Jobs Active (Partial)
- * Final payment - automatically moves to Jobs Completed
- * Never appears in Leads tab

NOTE: You never need to manually set the next date - the plan handles it automatically!

7. Editing a Customer

- * Tap Edit on any customer card in Leads or Jobs
- * Form opens with all info pre-filled
- * All required fields still apply
- * Tap Save - updates app AND Google Sheets safely

NOTE: Edits update the existing row in Google Sheets - the row is never deleted.
