- M1-M9. Manager Section

1. Getting Started & Login

The SunnyDaze Sales Tool is a mobile app for logging customers, tracking sales, managing leads and jobs, and syncing everything to Google Sheets in real time.

How to Access

- * Open Chrome and go to: sunnydazepressurewashing.com/jobs
- * Tap your name on the login screen

NOTE: Add to your home screen for one-tap access — tap browser menu - Add to Home Screen.

PIN Login

- * Tap your name - enter your 4-digit PIN
- * Your PIN is personal — do not share it with anyone

Fingerprint Login

- * First time: enter PIN - tap OK when asked to register fingerprint
- * After registration: tap your name - scan finger for instant login
- * Fingerprint failed? PIN screen appears automatically

NOTE: The app logs out automatically after 5 minutes of inactivity.

2. Logging a Customer — Required Fields

Tap the Log tab. ALL fields are required except Notes. The form will not save until everything is filled in.

Step 1 — Select Outcome (Required)

- * SOLD — They agreed to the job
- * ESTIMATE — They want a price but have not committed
- * FOLLOW UP — They need more time - set a follow up date!
- * NOT INTERESTED — They said no

Step 2 — Customer Details (All Required)

- * First Name and Last Name
- * Phone Number
- * Email — type their email OR select "No Email Available" from the dropdown below the email field
- * Street Address
- * City — auto-fills when zip is entered
- * State — auto-fills when zip is entered
- * Zip Code — type this first and City/State fill in automatically!

Step 3 — Service, Amount & Dates (All Required)

- * Services — check ALL that apply (multiple allowed)
- * Amount — price quoted or agreed on
- * Apply Sales Tax (6%) — check to auto-calculate total
- * Job Date — when the job is scheduled (required)
- * Follow Up Date — auto-sets to 2 years from Job Date (can be changed)

Step 4 — Notes (Optional)

- * Add any extra info about the customer or job — not required

Step 5 — Tap Save

- * If any required field is missing a message shows listing what needs to be filled in

- * Once saved - app automatically switches to the correct tab:
- * SOLD - goes to Jobs tab
- * ESTIMATE, FOLLOW UP, NOT INTERESTED - goes to Leads tab

NOTE: Saves to your phone instantly and syncs to Google Sheets automatically.

3. The Leads Tab

Shows all active customers — Estimates, Follow Ups and Lost. Sold, Cancelled and Completed customers are NOT shown here.

Filter Pills

- * All Active — Estimates and Follow Ups only (default)
- * Estimate — customers waiting on a price decision
- * Follow Up — customers to call back
- * Lost — customers who said no
- * Cancelled — jobs booked then cancelled

Customer Card Actions

- * Colored Status Button — tap to open the status picker
- * Edit button — edit any customer detail
- * Trash icon - delete (Manager PIN required)

Status Picker

Tap the colored status button on any card to open the status picker:

- * SOLD - green - job confirmed! Auto moves to Jobs tab
- * ESTIMATE - yellow - back to waiting
- * FOLLOW UP - orange - needs a callback
- * LOST - red - said no
- * CANCELLED - grey - job was booked then cancelled

NOTE: The app automatically switches to the correct tab when you change a status.

4. The Jobs Tab — Active & Completed

Shows all SOLD jobs split into two views using the filter pills at the top.

Active Jobs (default view)

- * Shows all sold jobs that are unpaid or partially paid

- * Collected and Unpaid totals shown at the top
- * Return visits due within 30 days shown in a purple banner

Completed Jobs

- * Tap the Completed pill to see all fully paid archived jobs
- * Jobs move here automatically when marked 100% paid
- * Tap Mark Unpaid on any completed job to move it back to Active

NOTE: Completed jobs stay permanently in Google Sheets even when not visible in the app.

Moving a Job Back to Estimate

- * Tap the status button on any job card in the Jobs tab
- * Select Estimate - job moves back to the Leads tab automatically

5. Payment Tracking & Partial Payments

Marking a Job Paid

1	Go to Jobs tab - find the customer card
2	Tap the green Mark Paid button
3	Enter the amount received (leave blank for full payment)
4	Payment method picker appears - select Credit Card, Cash, Check, PayPal, Venmo, Zelle or Other
5	If partial payment - enter the next payment due date when prompted
6	Balance and payment details update on the card instantly

Payment Status on Cards

- * Paid in Full - green badge - job moves to Completed automatically
- * Partial - orange badge - shows Total, Paid and Balance remaining
- * Unpaid - red badge

Adding More Payments

- * Tap Add Payment on any partial job to record additional payments
- * Keeps a running total until balance reaches zero
- * When fully paid - automatically moves to Completed tab

6. Payment Plans & Due Date Reminders

For customers paying in installments you can set a next payment due date each time a payment is recorded.

Setting a Payment Due Date

- * After entering payment amount and method - a prompt asks for the next payment due date
- * Enter the date as MM/DD/YYYY (e.g. 8/15/2026)
- * The date shows on the customer card in orange: "Next Payment Due: 8/15/2026"
- * Leave blank if no specific due date is needed

Automatic Email Reminders

- * Every morning at 7am the system checks for payments due that day
- * An email is sent to the manager with all payments due today
- * Email includes customer name, phone, service and balance owed
- * Works alongside follow up reminders in the same daily email

Example Daily Email

Subject: 💰 1 PAYMENT DUE · 2 FOLLOW UPS — 8/15/2026

The email lists each customer with their details so you can call them first thing in the morning.

7. Editing a Customer

- * Tap Edit on any customer card in Leads or Jobs tab
- * The form opens with all info pre-filled
- * All required fields still apply when editing
- * City and State auto-fill if you change the zip code
- * Tap Save - updates the app AND Google Sheets safely (no data loss)

NOTE: Edits update the existing row in Google Sheets — the row is never deleted during an edit.

8. Deleting a Customer — Manager PIN Required

WARNING: Deletion is permanent. Once deleted from Google Sheets the customer cannot be recovered.

1	Tap the trash icon on any customer card
2	Tap OK on the confirmation prompt
3	A PIN keypad appears on screen
4	Enter the 4-digit Manager PIN
5	Wrong PIN - deletion cancelled automatically
6	Correct PIN - customer deleted from app and Google Sheets

WARNING: Reps cannot delete customers without the Manager PIN. Even managers must re-enter the PIN every time.

9. Scheduling Return Visits

Set a future reminder to follow up with a customer for repeat service.

- * Tap Return Visit on any sold job card
- * Choose: 1 Year, 18 Months, 2 Years or custom date
- * Return visit date shows on the card in purple
- * Purple banner appears at top of Jobs tab when any return visits are due within 30 days

NOTE: You will also receive an email reminder on the morning the return visit is due.

10. Your Dashboard

- * Revenue - collected from paid and partially paid jobs
- * Estimates - number given
- * Follow Ups - customers to call back
- * Close Rate - your conversion percentage
- * Sold - total jobs sold
- * Lost - customers who said no
- * Commission - earned on paid jobs based on your rate

Today's follow ups appear on your dashboard automatically so you never miss a callback.

11. Website Leads

When a customer fills out the contact form on the website it automatically appears in your Leads tab as an Estimate.

- * Manager receives an instant Gmail push notification
- * Lead shows with rep name "Website"
- * Edit, change status, mark paid and delete just like any other lead
- * Manager PIN still required to delete website leads

12. Tips for Success

- * **Log EVERY customer - even no-sales track your close rate.**
- * **Fill in ALL required fields before leaving the customer.**
- * **Enter the zip code first - City and State auto-fill!**
- * **Mark jobs as Paid right away - affects your commission.**
- * **Set a next payment date on every partial payment.**
- * **Schedule a Return Visit on every job - repeat customers are easy money!**
- * **Select MULTIPLE services - check all that apply.**

TIME CLOCK SECTION

For hourly employees - clock in, lunch and clock out

TC1. What is the Time Clock?

Tracks hourly employee hours. Records when you start, take lunch and finish. All hours sync to Google Sheets automatically.

How to Access

- * Go to: sunnydazepressurewashing.com/timeclock
- * Scan the QR code posted at your work location
- * Tap your name and enter your PIN or use fingerprint login

NOTE: Add to your home screen for quick one-tap access each day.

TC2. Clocking In

Do this the moment you arrive before starting any work.

1	Go to sunnydazepressurewashing.com/timeclock
2	Tap your name
3	Enter your PIN or scan your fingerprint
4	Tap the green CLOCK IN button
5	Status changes to CLOCKED IN

WARNING: Do NOT clock in for someone else. Each person must use their own PIN.

TC3. Lunch Break

1	Tap LUNCH START when you leave for lunch
2	Tap LUNCH END when you return
3	Lunch time is automatically subtracted from your hours

WARNING: You must tap LUNCH END before you can Clock Out.

TC4. Clocking Out

1	Make sure you have tapped LUNCH END if you took a break
2	Tap the red CLOCK OUT button
3	Total hours worked are shown and synced to Google Sheets

WARNING: Forgot to clock out? Contact your manager right away.

TC5. Fingerprint Login

- * First time: enter PIN - tap OK to register fingerprint
 - * Next time: tap name - fingerprint fires automatically
 - * Fingerprint failed? PIN screen appears with retry button
-

TC6. Viewing Your Hours

- * Tap History tab to see all past time entries
 - * Filter by All, This Week or This Month
 - * Today's completed punch log stays visible after clocking out
 - * Overtime entries highlighted in red
-

TC7. Important Rules

WARNING: Always clock in when you arrive and clock out when you leave.

WARNING: Never clock in or out for another employee.

WARNING: Forgot to punch? Tell your manager immediately.

WARNING: Overtime over 8 hours in a day is flagged and reported to your manager.

MANAGER SECTION

The following sections are for managers only. Manager PIN required.

M1. Manager Access

- * Tap MANAGER VIEW on the login screen
 - * OR log in as a rep then tap the Mgr button in the top right
 - * First time: enter Manager PIN - register fingerprint for instant access next time
-

M2. Team Overview & Commission Report

- * Combined team stats: revenue, leads, sold, estimates, follow ups, close rate
- * Individual rep stats per rep
- * Commission Report: total owed, per rep breakdown, pending vs owed now

NOTE: Commission auto-calculates every time the Manager tab opens.

M3. Notifications & Alerts

- * New website lead - instant Gmail push notification
- * Follow up set by rep - instant Gmail notification
- * Daily 7am email - follow ups AND payments due today AND return visits

- * Overtime alert - email when employee exceeds 8 hours
- * Return visits due within 30 days - purple banner in Jobs tab

NOTE: Make sure Gmail notifications are enabled on your phone.

M4. Managing Leads & Jobs

- * Leads tab auto-fetches from Google Sheets on open
- * Website form leads appear as Estimates with rep "Website"
- * Edit, change status, mark paid or delete any lead from any rep
- * Completed jobs in Google Sheets have a green "Completed: YES" column
- * ALL deletions require Manager PIN re-entry every time

M5. Payment Plan Management

- * When a rep records a partial payment they set the next payment due date
- * Next payment date shows on the customer card in orange
- * Daily 7am email lists all payments due that day
- * To record the next payment: Jobs tab - Add Payment - enter amount - pick method - set new due date
- * Repeat until balance is zero - auto moves to Completed

M6. Return Visit Management

- * Tap Return Visit on any sold job to schedule a future follow up
- * Options: 1 Year, 18 Months, 2 Years or custom date
- * Purple banner in Jobs tab shows return visits due within 30 days
- * Email reminder sent on the morning of the return visit date

M7. Commercial Accounts

- * Add recurring commercial contracts with services, schedule and amount
 - * Mark Paid/Unpaid per visit
 - * Syncs to Google Sheets Commercial tab
-

M8. Settings

Rep Management

- * View all rep names, IDs and PINs
- * Change any rep PIN - tap Change next to their name - new PIN shows immediately
- * Add new rep - tap ADD NEW REP
- * Remove rep - double confirmation required

Commission Rates

- * Set commission % per rep and tap Save
- * Only managers can set or change rates

Tax Forms

- * 1099-NEC - for contractors paid \$600+ per year
- * W-9 - have contractors fill out before issuing 1099

M9. Time Clock Management

Adding Employees

- * Go to timeclock - Manager View - Settings - ADD EMPLOYEE
- * Enter name, 4-digit PIN and set hourly wage

Adjusting Time Entries

- * Go to Mgr tab - tap Adjust on any entry
- * Fix clock in, lunch or clock out times - hours recalculate automatically

Deleting a Time Entry

- * Tap Delete on any entry - double confirmation required
- * Removes from app AND Google Sheets

Wage Report

- * Shows daily, weekly and monthly pay per employee
- * Overtime at 1.5x rate automatically
